The Chairman,
Falakata Municipality,
Alipurduar.

Sub: Regarding COMMUNITY TOILET at Falakata High School H.S.

Sir,

With due respect, I would like to inform you that the total enrollment at Falakata High School for the academic session 2025 is 2,632 (Two Thousand Six Hundred Thirty-Two) students. While we do have toilets for students, the current number is insufficient to accommodate all 2,632 students. Therefore, we urgently require additional toilets. There is adequate space available for the construction of a community toilet within the school premises, specifically in the Vocational Stream area. The plot number is 3227, Khatian number is 898, J.L. number is 21, and the Mouja is Falakata. The school is committed to taking the necessary steps for the maintenance of the community toilet.

Therefore, we would like to request you to take necessary action toward the matter and obliged.
