Sub: Request for **construction community toilet.**

Sir,

With due reverence I do hereby want to draw your kind attention to the fact that Bishnupur Mahakuma Madhyamik Vidyalaya is dire need of some infrastructural development. The existing toilets of the school are very old and damaged which are very difficult to use too. Hence I would earnestly request you to taking up a plan for **construction of a community toilet** in the school which would be much helpful to our students and this locality.

Thanking you.

I remain,

Yours faithfully
