Sub: - An application school toilet
required.

R/Sir/Madam,

With due respect that I beg
to state that My school toilet is not available.
They stink and we have to use them because
there is no alternative.

In fact their bad condition forces
many students to relieve themselves at the boundary
walls and other such places. There are dirty
remarks written all ~~the~~ around in the toilet
walls. My school is available place or space.

Therefore we request you to look into
the matter and take necessary steps for the
immediate repair and care at the toilets.

Thanking you

Your faithfully
Pappu Kumar Singh
