Docket 1229
Date 12/02/24

With due respect I have to draw your kind attention to the fact that being the 125 years old and the largest educational institution there in intense crisis of toilet in our school premises. Other hand the school premises (along with school buildings) are largely used as the venue of all types of Govt & Non-Govt. organised programmes all over the years. As a result, the sanitary environment of the school premises has been seriously polluted and has created serious physical and mental unhygienic situation among all the stakeholders (Specially students).

Therefore, I request you to arrange/ construct sufficient community Toilet in our school premises.

I hope your sympathetic co-operation in order to solve the day-to-day problem.

Thanking you,
