## Sub: Regarding Community Toilet

Sir,  
With due respect I beg to inform you that, we have toilet in our school but is in dilapidated condition. Students and teachers are suffering due to lack of urinals/toilet. There is enough space available for the construction of COMMUNITY TOILET in our school campus. We will take necessary action for maintenance of the community toilet if granted.

Therefore, we hope that you will consider our request and take necessary action towards the matter and obliged us.
