Sub: Prayer for new toilet.

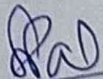

Respected Sir,

I would like to inform you that presently we have 1162 students in our institution and number of toilets are 09 (nine) only which are very insufficient for our girls. Due to this reason they often face different urinary related problems.

So, my humble request you to consider our situation and do some needful to build toilets for our girls so they may use them safely in proper hygienic way. I shall be highly obliged.

With thanks and regards.

Yours sincerely
